Guidelines for Internship/Project Work under NEP for UG Programme

According to the *Provisions of Implementation of the Four-Year Undergraduate Programme (FYUGP) in State Universities of Jharkhand Regulations, 2024*, every undergraduate student is required to complete a 4-credit internship or project. Students of the 2022–26 batch must complete this requirement in Semester 5, while students of all other batches may complete it in any one of the first six semesters.

Except for the UG Session 2022–26, students of other batches may complete the internship in two parts—each worth 2 credits and of 4 weeks duration. Alternatively, students may opt to complete the entire requirement at once by undertaking a 4-credit internship of 8 weeks. Except for the UG Session 2022–26, the internship for all other batches should be completed during the summer vacation.

The principal of each college must help students get good internship or project opportunities. The principal, with the help of college teachers, should arrange these opportunities for the students.

Firstly, each college principal must circulate a notice informing students to choose one of the following options:

1. **Option-1: Internship**
2. **Option-2: Project Work.**

Option-1: Guidelines for Internship

After selecting any one of the above options, students opting for the Internship must be provided suitable internship opportunities by the college. However, students may also complete their internship independently in any registered institution, subject to prior approval from the Principal.

The Principal must invite applications from institutions, firms, companies, businesses, or organizations through local newspapers or the official university/college website. The notification should clearly mention the number of students requiring internships, the total duration of the internship, and all other essential terms and conditions.

Internship Mode:

Internships may be conducted in four ways under the following conditions:

- All required materials and resources will be provided by the concerned institution/agency.
 - The college will provide only space and necessary support.
1. **On-Campus:** The internship programme will be conducted within the college campus.
 2. **Off-Campus:** Students may go to the concerned institution only if it is within 10 km of the college.
 3. **Online Mode:** If the Internship/Project Work Cell of the concerned college finds any online internship suitable, it may offer such internship programmes to the students.
 4. **Hybrid Mode:** If the Internship/Project Work Cell of the concerned college finds any internship suitable in both online and offline modes, it may offer such hybrid internship programmes to the students.

Eligibility for Applying Institutions/Firms:

The Principal/ Internship/Project Work Cell must ensure that any institution applying to offer internships:

- Is a registered organization, and
- Is genuinely capable of providing internship training.

Note- All applying institutions must clearly specify the subject/field/topic of internship they will offer. The Principal/ Internship Cell must verify that each applicant institution is properly registered and capable of delivering appropriate training and also submit a **120-hour lesson plan** for the internship program.

After the application deadline, the college will prepare a list of all eligible institutions. This list will be made available to the students, who may then select their preferred organization for the internship. Based on the students' choices, the Principal will grant permission and assign one faculty mentor from the concerned department to guide each student throughout the internship.

After completing the mandatory 120 internship hours (8 weeks), students must prepare a detailed internship report as per Appendix-VII under the supervision of their assigned mentor. The evaluation will be conducted for a total of 100 marks, comprising 40 marks for the internship report, 40 marks for the viva-voce, and 20 marks for internship attendance. Attendance marks will be awarded strictly on the basis of the attendance register provided by the internship-conducting institution.

Handwritten signatures and dates:
 25/11/25
 25/11/25
 25/11/25
 25/11/25
 25/11/25
 25/11/25

Internal examiner will be departmental teacher, while external examiners will be permanent faculty members from university PG departments or other constituent colleges, appointed by the Principal with the consent of the Controller of Examinations, SKMU, Dumka.

Evaluation Process (Total: 100 Marks)

Component	Marks
Internship Report	40
Viva-Voce & Project Presentation	40
Internship Attendance	20
Total	100

Other -

- As per the University rules and norms, the remuneration and all other admissible allowances will be paid to both external and internal examiners.
- Each student may pay a maximum fee of ₹1,000 to the institution/agency conducting the internship. The college will ensure that the fee does not exceed ₹1,000. The payment will be made directly by the student to the internship-conducting institution/agency.
- The college will also ensure that any fee for the internship is payable only after the completion of the course.
- After completing the internship, the internship-providing institution must issue a certificate to each student in the prescribed format attached with the guidelines in appendix-I. The certificate must be printed on the institution's letterhead and include the signature, official stamp, and a unique certificate number. This certificate should be enclosed with the student's project report. The institution/agency must also provide the concerned college with the attendance record and an overall performance report for each student who completed the internship.

Option-2: Guidelines for Project Work

Students who choose project work will be given suitable project opportunities by the college. First, each student will select a project topic with the help of their class teacher. This topic must be approved by the Head of the Department (HOD) or the Principal. After approval, the HOD/Principal will assign a supervisor/guide to each student. With the guidance of this supervisor/guide, the student will complete the project.

The project can be in different areas but should preferably be related to the student's Major subject. It may focus on social, economic, cultural, political, or other important issues.

The duration of the project work will be **8 weeks or 120 hours**. During this period, students will work or visit places related to their project topic. Each student must work on subject-related tasks under the guidance of the assigned teacher.

For the project, students must visit the concerned institution, company, office, or organization. Based on the information they collect, they have to prepare a project report **as per Appendix-VIII** with the help of their supervisor/guide. At the end of the semester, every student must submit a **handwritten, hardbound project report**.

The evaluation will be conducted jointly by one external examiner and one internal examiner during the viva voce examination. The date of the viva voce will be announced by the Principal of the concerned college.

Evaluation Process:

- Project Report: **60 marks**
- Project Presentation and Viva Voce: **40 marks**

Internal examiners will be appointed from the departmental faculty. External examiners will be permanent faculty members from university postgraduate departments or other constituent colleges, appointed by the Principal with the approval of the Controller of Examinations, SKMU, Dumka.

Internship/Project Work Cell and Coordinator

To ensure the smooth conduct of Internship/Project Work at the college level, the Principal of the concerned college may appoint a teacher as the Internship/Project Work Coordinator and form an Internship/Project Work Cell. The cell may consist of the following members:

- Principal of the concerned college – **Chairman**
- College Nodal Officer for NEP-Member
- Four active teachers from the Social Science, Humanities, Science, and Commerce streams. -Member
- Internship/Project Work Coordinator-Member Secretary

APPENDIX – I

INTERNSHIP COMPLETION CERTIFICATE

(To be printed on the institution/organization's official letterhead with the logo of the institution/agency conducting the internship)

Certificate No.: _____

Date: _____

This is to certify that [Student Name], a student of [College Name], enrolled in the [Programme Name, Session, Semester & Examination Roll No], has successfully completed an internship at [Institution/Organization Name] in Online/Offline/Hybrid Mode.

The internship was conducted from [Start Date] to [End Date], with a total duration of [Number of Weeks & Hours]. During this period, the student worked under the guidance of [Supervisor Name/Designation] and performed assigned tasks sincerely and responsibly.
