Cabinet	Attends Cabinet meetings and shares in collective decisions.	Attends only if specially invited.

All ministers are appointed by the President on the advice of the Prime Minister, and must be, or become within six months, members of either House of Parliament.

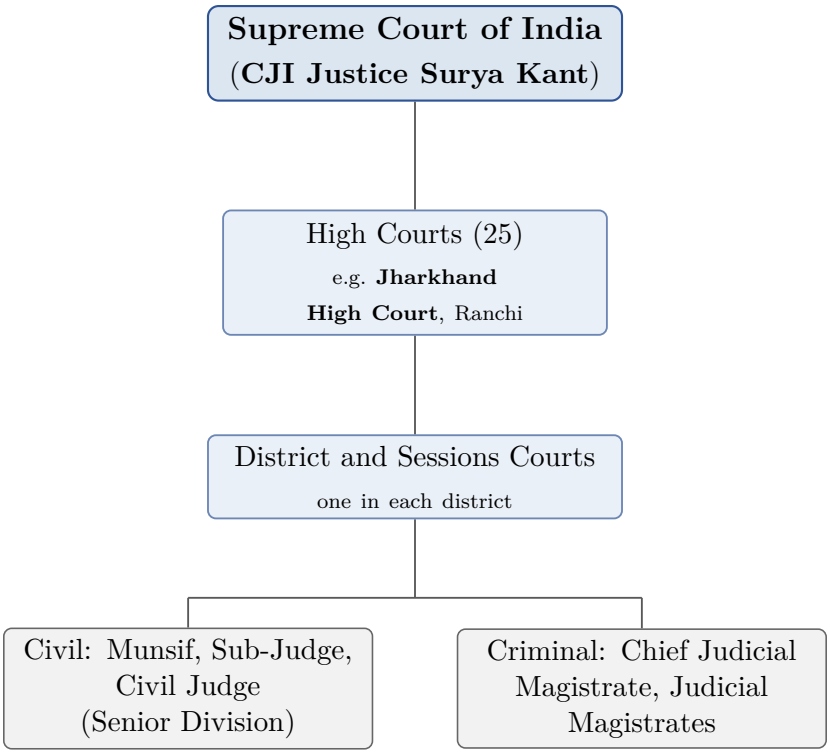

How they function. The Cabinet Minister decides; the Minister of State executes the allotted part and carries the ministry's case in the House. Both work through the same Secretaries, and the Cabinet Minister remains answerable for the ministry as a whole. A Worked Example: From the Union to Muri

Reading the example. The Union makes policy and funds, the State adapts and implements it, the division coordinates districts, and the district, block and panchayat carry it to the village. Silli is a block, not a sub-division, and Muri is a town inside Silli block — so the chain runs State → Division → District → Block → Gram Panchayat, with Muri marking the locality, not a separate tier. Names are as of 2026; the BDO and Mukhiya follow the latest district records (2024–25).

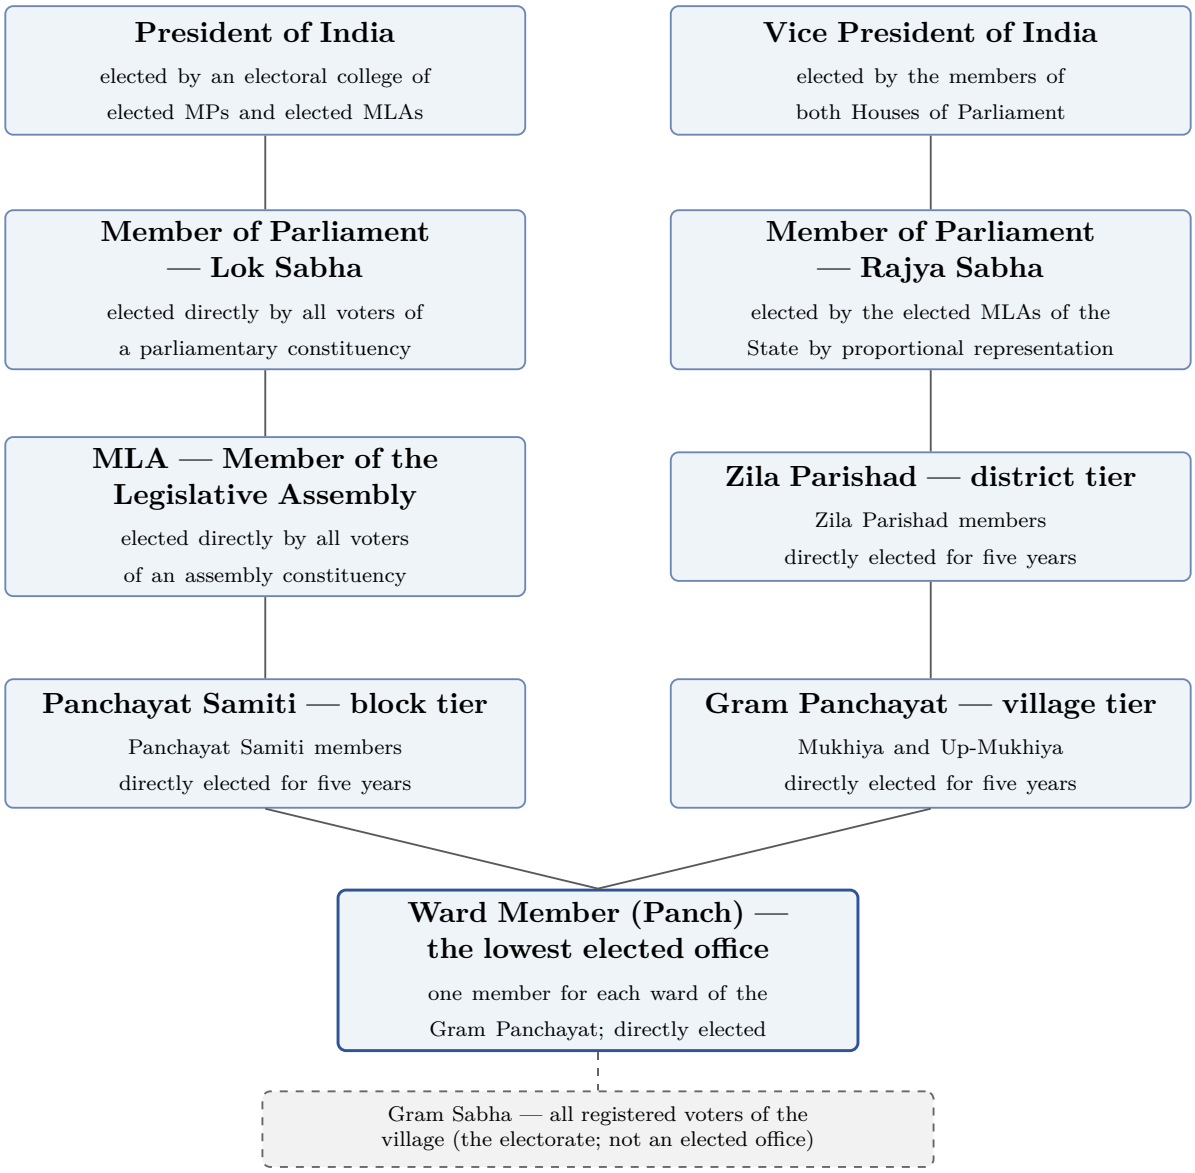

A Worked Example: The Police Chain from the Union to Muri Thana

Reading the example. The Union Home Ministry controls the All India Services and lays down national policing policy; the State DGP commands the State police; the range IG supervises the districts in the range; the SSP commands the district; the SDPO a police sub-division; and the thana in-charge the police station — the lowest territorial unit of policing. Names are as of 2026; the SDPO and the thana in-charge took their posts in the May 2026 reshuffle.

Election Hierarchy: From the President to the Ward Member

Elections to the offices below are conducted by the Election Commission of India, headed by Chief Election Commissioner **Shri Gyanesh Kumar**. The diagram separates national elections (left) from State and local elections (right).

How to read this. The left column is the national and State legislative chain; the right column is the local-government chain. The vertical order shows the level of government — Union, State, district, block, village, ward — not a chain of command. Above the MLA sits the MP; in towns the parallel of the panchayat tiers is the Municipal Corporation, whose wards elect Councillors. The President and the Vice President are elected indirectly; all other offices shown are filled by direct election.
